

User story	#	Task	Responsible	Assignees	Estim. effort (h)	Priority (A-E)	Reason for priority
As a user, I want to run a script to connect to the cameras represented in the database over IP commands	1	Connect to new camera; Set up a videostream to the camera to get live-feedback in the the front-end	Shane	Shane, Hidde	6	B	Live-feedback is needed to assure the team the camera is in position
	2	Add option to use preset with or without iris and/or color settings	Shane	Shane	3	D	The polycast team said they use this functionality when recalling presets from the camera
As a user, I want the software to be properly tested	3	Make tests for the LocationController	Shane	Shane	4	B	New controller, new tests to write.
	4	Communicate with polycast about the system	Joris	Joris, Hidde	3	C	System requirements quality
As a user, I want to select and edit a script to my liking	5	Finish the new implementation of the drag and drop functionality.	Floris	Floris, Hidde (for library importing issues)	4	A	Since the Dragula implementation was a big disappointment we switched to the jQuery UI library and lost a great deal of time on this. This sprint we will finish this functionality
As a user, I want my script to control the cameras automatically	7	Apply presets at script actions in a running script	Hidde	Hidde, Joris	4	A	One of the late-stage features that give a lot of value to the system
	8	Create tests for auto-control	Hidde	Hidde, Joris	4	B	System and code quality
As a user, I want to create presets for my scripts	9	Create a view to configure presets for a script	Joris	Joris, Hidde	8	B	Needed for making presets, which is essential.
	10	Create a connection between locations and cameras to scripts	Hidde	Hidde, Joris	3	B	Needed for linking presets
As a user, I want to make recordings and export them in a format that can be imported by my video editing software	11	Create functionality to record a script and save the data	Floris	Floris, Shane	5	B	The polycast team would like it if they could export the timings of the cuts to the different cameras, so they can use it in post-processing
	12	Create export option to export recording to importable standard format	Floris	Floris, Shane	4	B	Provides real value to the system
As a user, I want to have a complete system and project	13	Work on final report	Floris	Floris, Shane, Hidde, Joris	15	B	Completeness of system
	14	Work on final presentation	Joris	Floris, Shane, Hidde, Joris	15	B	Completeness of system
	15	Work on QOL improvements in system	Hidde	Floris, Shane, Hidde, Joris	8	B	Completeness of system
	16	Work on architecture design file	Shane	Floris, Shane, Hidde, Joris	8	B	Completeness of system
